ALLELY ESTATE

*Corporate events are anything but boring
at Allely Estate*

Allely Estate is perfect for corporate work days.

From seminars and conferences, to client days, product launches and corporate parties.

Our extensive landscaped gardens provide plenty of space for team building activities and outdoor games, as well as laid-back cocktail soirees. There's plenty of great team-bonding activities in the area, including clay shooting, tree climbing at Woodhill, paintball, quad biking and wine tasting, if you want to make a full day of it before you celebrate late into the night at Allely Estate!

For seminars or business strategy days, we can organise breakout rooms before your delegates come back together for lunches or large group sessions.
